RE: Public Information Request No. 14-39791

Dear Mr. Sewell:

This letter is in response to your public information request to the Office of the Attorney General ("OAG"), received by the OAG on August 28, 2014. A copy of your request is enclosed.

The OAG has reviewed its files and has determined that it does not have any documents responsive to your request. Please note a governmental body is not required to answer questions under the Public Information Act or create information in response to a written request. Although it is the policy of the OAG not to comment on active investigations, we can inform you the complaint is currently under review by members of the OAG's Criminal Prosecutions Division. There is no estimate of when this review will be completed or, if and when, you will be contacted.

If you have any questions, please contact me at [publicrecords@texasattorneygeneral.gov](mailto:publicrecords@texasattorneygeneral.gov).

Sincerely,

James A. Burkhardt, Jr.  
Public Information Coordinator's Office  
General Counsel Division

This is OAG response to Public Information Act request for documentation of the meeting Mayor Virdell mentioned in the video. OAG says there are no documents and thus the meeting on dredging was not legally documented according to the requirements of the Open Meetings Act.

Therefore, the meeting was illegal and secret.

This confirms that the remainder of the complaint is under investigation by the OAG Criminal Prosecutions Division.
