Subject: Open Government Complaint dated April 15, 2014

Dear Mr. Burkhart,

On September 11, 2014, you replied to my inquiry regarding my August 21, 2014 subject complaint. It has been 4 months since that last contact and I respectfully ask for an update.

In your 9/11/14 letter, you stated that "The OAG has reviewed its files and has determined that it does not have any documents responsive to your request." I did not ask for any documents from OAG so I assume you meant that your investigation found that the City of Llano did not have any documents responsive to my request that they forwarded to the OAG. Correct?

Thus, with no documents to show a legally scheduled and held meeting, the Mayor of Llano admitted to an Open Meetings Act violation – on video tape and in written documents submitted with my complaint. Thus, confirmation of my complaint.

In your 9/11/14 letter, you stated that "the [my] complaint is currently under review by members of the OAG's Criminal Prosecutions Division." May I please know the status of that investigation?

Sincerely

CC: Assistant Attorney General Karen Hattaway

CC: Investigator Mr. Lance Kutnick
